**BOYNTON BEACH COMMUNITY REDEVELOPMENT AGENCY
COMMERCIAL PROPERTY IMPROVEMENT
GRANT PROGRAM**

Program Rules and Regulations

The Commercial Property Improvement Grant Program is designed to help facilitate the establishment of new businesses and aid in the expansion of existing businesses within the Boynton Beach Community Redevelopment Agency (the “BBCRA”) Area. The program is designed to provide financial assistance to new and existing businesses in the form of a reimbursable grant intended to reduce the initial costs associated with the design, repair, and rehabilitation of buildings or other improvements in accordance with the BBCRA Community Redevelopment Plan. Improvements paid for by the BBCRA must be permanent and stay with the building.

The BBCRA reserves the right to approve or deny any Commercial Property Improvement Grant Program application and to deny payment at any time if, in its sole and absolute discretion, it determines that the business will not advance the goals and objectives established for redevelopment of the BBCRA Area.

For purposes of this application, the term “new business” means a company in operation for less than one year or relocating to Boynton Beach. The term “existing business” means a company that has been in operation within the BBCRA Area for one year or more at the time of application and has at least two years remaining on its existing lease at the time of Board approval. The term “project” means the eligible exterior or interior improvement project for which the applicant seeks reimbursement.

The BBCRA is a public agency and is governed by the “Florida Public Records Law” under Florida State Statutes, Chapter 119. Any documents provided by the Applicant(s)

may be produced the BBCRA upon receipt of a public records request, subject to any exemptions provided by Florida Law.

Incentive Funding

The Commercial Property Improvement Grant Program offers financial assistance to the commercial property owner or business owner in the form of a reimbursable, matching grant for 50% of eligible expenses, up to \$50,000, associated with the construction or renovation of the exterior and interior elements of the commercial operating space. The applicant may also receive financial assistance for eligible design expenses associated with the project's architectural, electrical, mechanical, civil, and/or plumbing plans. Applicants are encouraged to take advantage of the City of Boynton Beach's PACE Program to help defer the cost of installing energy efficient items. Information regarding the PACE Program is available online at: <https://www.boynton-beach.org/green-business/pace-business> or by contacting the City of Boynton Beach at (561) 742-6494.

Applicants are also encouraged to connect with CareerSource Palm Beach County which is a State organization providing various free programs to assist Palm Beach County businesses. CareerSource Palm Beach County has a dedicated team of career counselors, business coaches and training providers to help area businesses stay competitive through training grants and talent acquisitions and also provide assistance in posting available jobs, recruiting and hiring, and training opportunities. For more information regarding CareerSource Palm Beach County visit their website at careersourcepbc.com.

Eligibility Requirements

Applicants must meet all of the following requirements in order to be considered eligible to receive grant funding:

- Applicant must be the business entity (or d/b/a) named and the principal owners named on the corporation documents, and must be the landlord or business owner of the company occupying the property to be improved.
- Must be located within the BBCRA Area (see attached map).
- Must provide proof that the commercial business is properly licensed by all necessary levels of government and professional associations or agencies (copies of City and County licenses or receipts that the licenses have been applied for).
- Improvements to non-profit and residentially zoned properties are NOT eligible expenses.

Initials

- Applicant must have an executed multi-year lease with at least two years remaining on the lease at the time of BBCRA Board approval.
- Proposed leases must be executed within 30 days of BBCRA Board approval or the grant award is terminated.
- The Applicant's Experian consumer credit report must reflect an acceptable level of financial stability, as determined in the sole discretion of the BBCRA. A copy of the consumer report will be provided to the applicant upon request. Applicants must have an Experian credit score of 601 or higher and have no listed history of bankruptcy to be eligible. If there is more than one business owner, the majority of the business owners must have credit scores of 601 or higher to be eligible.
- All work must be done in compliance with applicable City of Boynton Beach Building Codes and Land Development Regulations. All contractors must be licensed as required to work in Boynton Beach and/or Palm Beach County. For any projects valued more than \$250,000 (based on the project's construction value as it appears on the Palm Beach County-Wide/Municipal Building Permit Application Form submitted to the City of Boynton Beach), preference will be given to projects that will use contractors with an office in Palm Beach County. Please contact the City of Boynton Beach Development Department regarding the proposed work to be performed prior to submitting a grant application.
- Grant funding amounts will be based on the applicant's project budget, specified at the time of the BBCRA Board approval, plus an added 20% contingency funding amount (for a total not to exceed the maximum eligible grant amount).
- Grant funds will be reimbursed exclusively for approved work and approved change orders.
- The Commercial Property Improvement Grant Program may only be used one time in any five-year period for any one property. Entities hoping to improve properties that were previously improved using a BBCRA improvement grant may apply for additional grants any time after five years from previous grant approval. However, Tier II commercial property owners may apply for grant funding for eligible exterior improvements, which will not affect the eligibility of the lessee business entities to apply for grant funding for eligible interior improvements.
- In order to qualify for the grant, the subject property may not have any outstanding City of Boynton Beach liens at the time the applicant seeks reimbursement. To ensure that the property does not have any outstanding liens, violations or monies owed for utilities, the BBCRA will perform a lien search on the property at a cost of \$140.00, which will be deducted from any grant funding awarded to the recipient. In the event that there is an outstanding lien against the property, the grant will not be awarded until the complete satisfaction of the lien.

Initials

- In order to receive the full amount of any awarded grant, the property owner or tenant must complete the project, obtain a Certificate of Occupancy/Completion from the City of Boynton Beach, and submit for reimbursement within 180 days of the issuance date of the permit for the project. (As further described below, applicants may request reimbursement for up to 50% of their grant award prior to completion of the project.) If BBCRA Board approves grant funding and the work being performed does not require a permit, the Certificate of Completion (or equivalent) and application for reimbursement must be within 180 days of the grant award. Failure to complete the improvements within the specified time frame will result in termination of the grant award, at which point the BBCRA will no longer make payments for any reimbursement requests, regardless of whether the request was submitted prior to the termination of the grant. Only one 90-day administrative extension will be permitted, and the BBCRA has the sole and absolute discretion to grant or deny such extension.
- Project items completed and paid for by the applicant more than 60 days prior to grant approval by the BBCRA Board are not eligible for reimbursement under the grant program. A complete application must be received within 60 days of payment in order for an expense to be eligible for reimbursement. Once a complete application is received, the application will be placed on the next available agenda for review and potential approval.
- Grant funding may not be used for design fees alone. Grant funding for design fees will only be awarded when the grant funding will also be used for physical property improvements. Conversely, grant funding may be awarded for physical property improvements even if no funding for design funding is requested. The BBCRA may elect to fund only physical property improvements even if design funding is requested.
- BBCRA Board approval of this grant results only in funding. Approval of BBCRA grant funding is NOT approval of any type of City processes including, but not limited to, permits and site plan modification. Applicants must apply for permits and site plan modification through the appropriate departments at the City. Permitting and site plan modification reviews are required for all commercial projects. It is the responsibility of the applicant to obtain all necessary City approvals.
- Grantees shall allow the BBCRA the rights and use of photos and project application materials.
- The BBCRA Board may give preference to local businesses. For purposes of this grant, local business means a duly licensed business entity with an office location in Palm Beach County.
